TERSELY TOLD.

The tug Hercules, connected with the navy department, reached here yesterday and will in future be stationed at the Pensacola navy yard.

The Louisville and Nashville pay train reached here yesterday and the numerous employees of the company in this section received their monthly salaries.

Dr. R. B. Crawford, immigration agent of the Louisville and Nashville railroad, with headquarters in Chicago, is in the city on a visit connected with his department.

Work upon the construction of the warehouse of the Welles-Kahn Company is progressing rapidly, and will be completed within the course of the next few weeks. The building will be 50x70 feet, of two stories, and the lower floor will be used as a retail department and apartments for the Gulf City Coffee Company, while the upper floor will be used for storage room for the wholesale department.

Patillo Campbell and Sam Pasco, Jr., have purchased the bathing house property of S. F. Bogart, at the foot of Cavalos street, and will shortly begin the erection of a modern bath house there. The property owned by Frank Sigari has also been secured, and a modern bath house will also be erected there. The one formerly owned by Mr. Bogart will be equipped and furnished for ladies, while the other will be furnished for gentlemen. The work of rebuilding the houses will commence at once and they will be completed within fifteen days. Frank Sigari will be manager of the business.

Blue Ribbon Lemon and Vanilla Extracts are the cake-makers' pride. They are uniformly of the highest strength and greatest delicacy.

SCHOOL OF MUSIC WILL SOON BE ESTABLISHED.

By Associated Press.
New York, March 24.—Plans are rapidly maturing for the establishment here of a school of music endowed by James Loeb, the banker, in memory of his mother. The fund to be furnished by Mr. Loeb will be \$500,000, on which the donor guarantees an income of 5 per cent.

A complete library of music and musical literature has been donated, and Frank Damrosch, the conductor and teacher, will act as director of the school which will be opened next October.

TWO PRIMARY CANDIDATES

JNO. CARY WHITING FOR TAX COLLECTOR AND P. K. YONGE FOR ALDERMAN FROM NUMBER 13.

The announcement of Jno. Cary Whiting for tax collector, and P. K. Yonge for Precinct alderman from Precinct No. 13, subject to the action of the White Democratic primary, are made in The Journal this morning.

Mr. Whiting is one of the best known and most deservedly popular young men in the city, having been born here and lived here all his life. He is thoroughly competent to fill the position to which he aspires and which is now held by N. McK. Oertling.

Mr. Yonge, who is a candidate in the primary for the seat in the city council now held by Alderman O. M. Pryor, is a native Pensacolian and one of the city's most prominent business men. He enjoys the esteem and confidence of all who know him and his friends are legion. He would make an exceptionally good councilman.

HOSPITAL WORK IN NEW YORK CITY

CONFERENCE HELD TO FIND WAYS AND MEANS TO REMEDY EXISTING CONDITIONS.

By Associated Press.
New York, March 24.—A conference has been held by representatives of sixty-two public and private hospitals of the city of New York, which will result in those institutions being represented by a central committee to devise the best methods of dealing with prevalent conditions and raising a common endowment fund.

The conference was the first to move to meet the deficit which every hospital reports. To remedy the trouble the belief was expressed that an independent body should be created composed of men and women chosen for their knowledge of social conditions who shall study the hospital problem of the whole city who shall work constantly and persistently to educate the public on all phases of hospital work, its far-reaching benefits to every family and the responsibility of the public for its maintenance according to the best standards of medical and surgical science.

The plan was agreed on and a committee will be appointed consisting of twelve well known men and women.

NIGHT STUDYING FOR BEST RESULTS

NORTHWESTERN UNIVERSITY
PROFESSOR SAYS BURNING MIDNIGHT OIL IS BEST FOR STUDENTS.

By Associated Press.

Chicago, March 24.—Dr. John A. Scott, professor of Greek in Northwestern University, addressing one of his classes in defence of "burning the midnight oil," has declared the great scholars of to-day are not those who study early in the morning, but those who study late into the night.

"In olden days," he said, "the Persians congregated at daybreak to pursue their studies; but nowadays the great scholars pour over their books at night. In the morning one's eyes are not clear, his head is still numb from sleep, and he is in no condition for mental work."

"Because of the lack of illuminating facilities the ancients were obliged to study in the early morning before beginning the day's work, but to-day our greatest students do their best work after the sunlight has faded away. That is the best opportunity for mental improvement, and although I would not urge any of you to refrain from rising early, I would advise you to do your studying at night."

PUGILIST DIED FROM INJURIES

KNOCKED UNCONSCIOUS IN THE SIXTH ROUND AND EXPIRED SEVERAL HOURS LATER.

By Associated Press.
Philadelphia, March 24.—John Hill, a negro pugilist, died at 11 o'clock today at St. Agnes Hospital here, as the result of a six-round bout last night with "Kid" Dorsey, also colored, at the Broadway Athletic Club. In the sixth round of the bout, which had been hotly contested, Hill was knocked unconscious. It was at first supposed that he had only been knocked out, but when the usual remedies failed to revive him he was hurried to the hospital. The proprietor of the club and the seconds of both men were arrested. Hill remained in an unconscious condition up to the time of his death.

SWITCHMAN WAS KILLED

RUN OVER BY ENGINE NO. 511, AND DIED WITHIN A FEW MINUTES.

Oswald Pritchard, colored, a switchman, employed by the Louisville and Nashville Railroad Company, was killed last night by being run over by an engine. The remains were prepared for burial, being taken to an undertaking establishment and embalmed.

Pritchard was a member of the crew of engine 511, and while at work attempted to board the engine. He intended to jump on what is known as the running board, but missed his hold and fell beneath the wheels. The engine and tender passed over him, breaking his back, and causing almost instant death.

This occurred at 7:30 o'clock, near the shops of the company, and a short time afterwards Dr. Renshaw, surgeon of the L. & N., was on the scene and rendered every possible service, but the injuries were fatal and the man died within twenty minutes.

YACHT CHANNEL MIAMI TO KEY WEST

WORK OF DREDGING WATERWAY FOR SMALL CRAFT WILL SOON COMMENCE.

Of great importance to the small craft which ply between Key West and Miami, says the Times-Union correspondent, is the announcement that work on the route inside the keys will begin shortly and a channel five feet deep will be dredged. Except in a few places there is more water than this already, and the work of dredging the channel will take but a short time.

The route will be of special interest to the owners of houseboats, because it will furnish them with a route as smooth as a river, with scenery unsurpassed anywhere in the world.

The waters are teeming with fish, and the tourist can cast anchor anywhere and find all the sport in this line right at hand.

But from a commercial standpoint the channel will be of inestimable value. It will shorten the route to Miami, and make the trip absolutely safe in any kind of weather.

The East Coast Company, which is doing the work, does not know how long it will take, but it is confident that the channel will be ready for navigation before the numerous pleasure crafts which rendezvous in these waters come down next season.

FIRE RAGING AT COLUMBUS, OHIO

DAMAGE REACHED \$200,000 EARLY LAST NIGHT AND MANY BUILDINGS ARE THREATENED.

By Associated Press.

Columbus, Ohio, March 24.—Fire broke out early this evening in the Columbus Dry Goods store and practically destroyed the establishment. The fire now threatens a four-story building and a six-story apartment house adjoining. The loss has already reached \$200,000.

A Case of It

Many More Like It in Pensacola. The following case is but one of many similar occurring daily in Pensacola. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence:

Mrs. A. Cummings, of 402 West Intendencia street, says: "I must say that Doan's Kidney Pills, which I purchased at Sidney Kahlan's drug store, No. 9 South Palafox street, are a reliable remedy. My kidneys have bothered me for a great many years. There was a tired feeling about me all the time and any exertion used me up entirely. My back pained me so at times that I could not rise from a chair without assistance. An old friend of mine recommended Doan's Kidney Pills to me years ago as they had cured him of a serious kidney complaint. I neglected getting a box from time to time, but finally when I saw them advertised in the New Orleans Item I started to use them and they proved to be a splendid remedy. I have used some five or six boxes and they have corrected the kidney trouble, and the tired, worn out feeling which existed all the time disappeared and my back does not ache as it formerly did. I have recommended Doan's Kidney Pills to several and know others who have used them with the most satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other. Takes the burn out; heals the wound; cures the pain. Dr. Thomas's Electric Oil, the household remedy.

Special Meeting. A special meeting of the Pensacola Pilot Association will be held at their hall on March 25 at 7 o'clock p. m. By order of H. L. WHITE, President. JAMES SCHOLLS, Secretary.

STRANGE CASE PUZZLES DOCTORS

YOUNG WOMAN DIED AFTER FIFTEEN DAYS OF COMA—MOTHER IN A DYING CONDITION.

By Associated Press.

New York, March 24.—One of the most remarkable cases in the experience of the doctors of the Presbyterian Hospital in this city ended today in the death of Miss Luella Houstis, of Mount Vernon, who, with her mother, Mrs. James H. Huestis, had been in a trance for fifteen days prior to her death. More than two weeks ago both of the women were found unconscious in the home of Henry W. Heller, a lawyer, of this city, and were supposed to have been asphyxiated by gas. Neither had since recovered consciousness, and physicians were puzzled by their unaccountable coma.

Miss Houstis was an attractive young woman, aged 22. A singular fact is that the young woman's mother, who lay in an adjoining room, began to show signs of the approach of death soon after the death of her daughter. Like the daughter, the mother also is greatly emaciated, and the physicians at the hospital say that her low vitality is due principally to starvation. One specialist in hypnotism and physiology, who investigated the case, has made public his conclusion that the two women had unconsciously hypnotized each other, and that gas asphyxiation had nothing to do with the case. He explained that he had himself been hypnotized while hypnotizing a patient, and had only been awakened by the arousing of the subject. The case of the two women has attracted the attention of scientists all over the country.

JOCKEY INJURED AT NEW ORLEANS

McCAFFERTY THROWN IN FRONT OF RACING HORSES AND BADLY HURT—DIED LAST NIGHT.

By The Associated Press.

New Orleans, March 24.—In the running races at the fair grounds to-day Jockey McCafferty on Swedish Lad, was thrown in the path of the oncoming horses. Both arms were broken and he was otherwise injured. His death is expected.

Swedish Lad had the near hind leg broken and was killed later. The jockey is a son of A. C. McCafferty, a well known horseman and owner.

Died Last Night. New Orleans, La., March 24.—Jockey McCafferty died at 7 o'clock this evening at the hospital.
